The Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956 ("the Act") read with the General Circular 15/2013 dated 13th September 2013 of the Ministry of Corporate Affairs in respect of section 133 of the Companies Act, 2013. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We have conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. These Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Qualified Opinion

The balances of certain Debtors and Creditors and advances given to and received from parties are subject to confirmation as mentioned in Note No.24 (f). The balances of such parties are subject to reconciliation of differences, if any.

The Management have sent letters of Confirmations to various parties who are classified as Sundry Debtors and Creditors and to parties from whom Trade advances have been received and to whom Trade advances are given.

Some of the Parties to whom such confirmation letters have been sent have responded pursuant to which their accounts have been reconciled. As all the Parties to whom the letters have been sent have not responded due to which their accounts could not be reconciled, the same cannot be treated as confirmed, although in the opinion of Management the balances of such Parties are in order.

MANAGEMENT DISCUSSION AND ANALYSIS

Industry conditions and Review of operations

The price of cotton was more or less stable during the financial year 2013-14 and the demand for cotton yarn was also very good. In spite of power disturbance, increase of power cost and diesel cost, the Company was able to achieve good results by maintaining consistency in quality of its products and focusing customer's requirements.

In the coming years, the Company is planning to produce fancy yarn which is a value added product. The cotton prices are un-predictable and highly volatile. The cotton rates are already on the increasing trend and this may have an impact on our margins in the coming months.

Company Outlook

The Company expect the cotton price to remain stable as this is evident from the trend during the last quarter of the financial year 2013-14.

Demand for yarn has also seen an increase and indicates a good year ahead as so the prices for yarn and the overall global economic outlook is good.

The Company is making all efforts to reduce costs and rationalize operations to have a positive effect. The Company expects to make profit during the current year.

Opportunities and Risks

Stable cotton rates indicates real opportunity to the industry coupled with a good monsoon forecast.

Frequent change in government policies with regard to export of cotton and cotton yarn is major threat to the industry. The Company strive to tap new markets and constantly upgrade the machines to produce quality yarn.

Financial performance with respect to operational performance
